

CHICAGO ELECTRIC

# Chicago Electric has moved to a larger facility

Chicago Electric Sales Inc. is pleased to announce the move to a larger facility to support the growth of business. The 46,000 sq. ft. building in Hanover Park, Illinois is three times the size of the

current location, and will support new initiatives in robotics and logistics, as well as traditional business of Corrugating Industry Upgrades and Automation Systems.

The facility serves as a Center of Excellence including a Training Center; a Logistics and Robotics Demonstration Area; and a

## New location:

865 Muirfield Drive  
Hanover Park, Illinois 60133  
USA

Technology Development Laboratory. The new building is a shared resource with the parent company of Chicago Electric; BHS Corrugated.

Chris Clark, President of Chicago Electric commented, "the new facility supports our Corrugated Upgrade products and provides a platform for continued growth with BHS Intralogistics and Robotic Automation solutions."
